

# Feeley Lab Alumni

## Lawrence Lee

Lawrence Lee worked as a Staff Research Associate in the Feeley Lab from 2013 - 2017 under Drs. Xuhui Liu, Brian Feeley, and Hubert Kim. During his time in the lab, Lawrence worked on projects involving ischemia-reperfusion injury, spinal cord injury, and rotator cuff tears. He is originally from the San Fernando Valley in Southern California and attended college at UC Berkeley. He graduated with a BA in Molecular-Cell Biology in 2012. He is currently a medical student at Touro University College of Osteopathic Medicine in California (TUCOM).
